Former editor E. H. Kirk, of Taylor township, returned as far as McConnellsburg Tuesday after having spent a week in Baltimore taking treatment in the Johns Hopkins Hospital for cataract, and visiting his brother John.

Charles Stenger is building an 8 x 20 portable house at the Clevenger shops for Henry Hann of Webster Mills, who will use it for living quarters at his sawmill. Mr. Hann will remove his mill from the Corner to the David Nelson farm to cut some fine timber this winter.

Isaac D. Bolinger, Shade Gap's hustling blacksmith and buggy dealer, came to McConnellsburg in his automobile last Friday morning and took the family of Alvey Pine to Shade Gap. Mr. Pine, who has been living on east Walnut street and working for J. W. Mellott, is moving to Shade Gap and will work for Mr. Bolinger.

According to a statement of a Chambersburg newspaper, there are two citizens of that town who are believed to be paid German spies. It is said that there are several thousand such men in the United States to-day who are being paid to do all in their power to hinder the manufacture and shipment of munitions and other war supplies for the Allies.

Mr. and Mrs. Carson Batt and son Walter, and Amos Mellott, came over from Johnstown in an automobile on the 7th inst., and spent the time until Wednesday in the home of Mr. and Mrs. Geo. W. Humbert in Ayr township. Then they went over to Mr. and Mrs. Hatfield's, spent a day or two, and then went on to Ed Swope's returning to their home last Sunday. While here they spent some time in the woods and were rewarded by getting a nice lot of game.

Mrs. D. M. Rinedollar of Ayr township, and Mrs. Amanda Pott of Crestline, O., favored the NEWS office with their presence a short time last Friday morning. After having spent two weeks visiting her daughter Miss Lillian who is studying to be a trained nurse in one of the hospitals in Philadelphia, and Prof. G. G. Chambers, of the same city, Mrs. Pott came to this county and spent a few days among her former neighbors and friends. She left her home Friday noon.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion, which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

What a Crack Will Do.

Everybody knows that it hurts neither a human being nor any farm animal to sleep in cold air if there is no movement of the air called a draft. To produce a draft there must be two openings, and everybody knows that a draft will cause colds—whether in human beings, or in swine, poultry, or other farm animals. Nothing produces a draft so well as little cracks in the floor—or near the floor—of hogpens. They act exactly as front dampers to a stove. We speak advisedly when we state that a little crack like mentioned, which would cost perhaps, a cent to repair, will necessitate the feeding of several more bushels of corn to make hogs in winter as fat as they would have been without the cracks. This is not 'foolishness' it is sound doctrine, proven by many experiments. Let poultry and hogs have fresh air, but be sure that it comes from above them—not up through the bedding, where, if there is a crack, cold air will enter by reason of the body heat rising as in a flue.

Get Your Auto Tags Early.

State Highway Commissioner Cunningham has taken occasion to emphasize the necessity of applying early for automobile licenses for 1916.

"Many owners of automobiles who have been putting off applying for licenses for next year will find themselves in difficulties if they leave it too long," said the Commissioner. "The automobile division of the State Highway Department is endeavoring to forestall the usual rush of applications at the end of each year and hopes to be able to issue nearly all of the licenses before December 31, but unless applications are made early it will be impossible to get the new license plates and registration card to their owners before January 1 and those who attempt to operate their cars after the first of the year with 1915 tags render themselves liable to arrest on sight, either by city police or by the State police. A word to the wise I deem sufficient."

Gets Nine Thousand a Year.

John F. Garber, a native of Penn township, Cumberland county, and a graduate of the Cumberland Valley State Normal at Shippensburg, has been chosen superintendent of schools in the city of Philadelphia at a salary of nine thousand dollars a year. M. G. Brumbaugh held this position before he became governor of Pennsylvania.

Open Winter.

Elias Meyer, a farmer and goosebone prophet living southwest of Annville, Lebanon county, reports that the coming winter months will not be as cold as is commonly thought. He prophesies that snow will not lie until the month of February and an early spring season will allow farmers to begin their work early.

Was Pennsylvanian.

It is not generally known that with James Buchanan, a Franklin county boy, as secretary of state in President Polk's cabinet sat a native of an adjoining county, Cumberland, Robert J. Walker, as secretary of the treasury. Although accredited to Mississippi, he was born, raised and educated in Cumberland county.

Something to be Thankful For.

As we near the Thanksgiving Day our thoughts naturally turn to those things during the past year for which we are thankful. Health—Strength—Bountiful crops—a happy and peaceful country.

We have tried to give the people of Fulton County something to be thankful for, by encouraging them to systematically save a portion of their earnings. Many will return thanks for their Saving Account in the FULTON COUNTY BANK. If you haven't opened an account with us do so at once and you will be thankful.

--- DEALER IN ---

High Grade Plain Pianos, Player Pianos, Organs, Victrolas, Records, and Professional Tuner, McConnellsburg,

Nothing adds more to the refinements of home than good music. To have good music you must have a good instrument. There are good bad and indifferent instruments, and to the unskilled eye they look much alike. The unprincipled dealer is likely to make you pay a first-class price for a fourth-class instrument. I have lived in this county since my birth, I am a taxpayer and in a position to make good any business transactions. Buy your piano, organ, or victrola from me and if it is not all right you can come back at me.

There are families in every part of this county that have purchased instruments from me. Ask them about me.

Perhaps you want to trade your organ for a Piano, or Player Piano; or your Plain Piano, for a Player. See me. Let's talk it over.

L. W. FUNK,
